About the Research

This community café is part of a national study examining sustainability uptake in policy and practice across the Canadian formal education system.

Based at the University of Saskatchewan, the Sustainability and Education Policy Network (SEPN) is a research-based partnership between Canadian and international researchers and leading Canadian and North American policy and educational organizations that began in 2012. Our partners include the Association for the Advancement of Sustainability in Higher Education, Canadian Centre for Policy Alternatives, David Suzuki Foundation, Learning for a Sustainable Future, and Sierra Youth Coalition.
